## **MICROSOFT EXCEL:** *beginners*

Learn the basics of this popular Microsoft Office Suite software for people who want to better organize, store and analyze both numerical and text information. Learn how to manage data, perform calculations and present professional looking results; applications include home and business. Whether you are new to spreadsheets, or currently use 2003, 2007, 2010 or 2013 Excel versions, you'll learn how to create workbooks that incorporate formulas, functions, and charts; how to set up tables and databases, and then efficiently manage, sort, and filter data to give you the information and results you want. Formatting and printing professional looking output will be stressed. Your personal and/or business decision making processes can be dramatically enhanced. Most businesses use Excel in some way; it is an important job skill as well as a powerful and useful personal tool. Please bring your own device and software to better learn your system. Loaner laptops available upon request.

Fee: \$125 | Course: CB102 | 4 Wed, Mar. 15-Apr. 5, 7-9 pm | Instructor: Dennis Haggerty

## **MICROSOFT POWERPOINT:** *beginners and beyond*

If you ever want to make a presentation to any group or organization, PowerPoint is the hands down winner for the way to make you look good and to be successful with your presentation. Learn to prepare professional looking and persuasive multipage slide presentations including photos, graphics, charts, external and internal hyperlinks and more. You will gain insight into the rules regarding the best slide content, format and style for the intended audience as well as insight about effective oral presentation styles. Slide templates, animation and transition, video and sound will be included in presentations for maximum impact to help retain your audience's attention, but with care to not go over the top. Publishing the presentation as a useful audience handout and in other forms will be addressed. PowerPoint is the overwhelming leader as the software choice for virtually all businesses, educational, and other organizations. More and more businesses expect employees to at least be acquainted with PowerPoint. Requires familiarity with Microsoft Word. Loaner laptops available upon request, or bring your own device to better learn your system. Fee: \$90

Course: CB108 | 3 Wed, Apr. 19-May 3, 7-9 pm | Instructor: Dennis Haggerty

## WRITING

### **BLOGGING:** *share your voice and build an audience*

Blogging is a great tool for building visibility. Whether you're a writer, artist, interior designer or anyone who has a passion, we'll show you how to promote your work to share your ideas, connect with others, and generate sponsorships and publicity. We'll begin with the technical aspects of establishing a blog, such as the differences between owning your domain or using a service, using tools like Facebook and LinkedIn to develop an audience and how to incorporate photos, videos and sound in your blog. Primarily, we'll work on content and how blog writing differs from print writing, ways to develop a focus area and find topics, the mechanics of developing a blog series, the importance of engaging headlines and how to write crisp and moving pieces. Students will be asked to write blog posts between each class and follow other bloggers as a reference. Loaner laptops available upon request or bring your own device so you can write during and after class. Fee: \$70 | Course: WR751 | 3 Mon., Apr. 24-May 8, 6:30-8:30pm | Instructor: Jennifer Phillips April

## FIVE CONVENIENT WAYS TO REGISTER

### 1. On-Line-Credit Card Only

Try our user-friendly & secure system. For online registration from our website: register, browse the categories, select a course you want and “ENROLL,” which will put that course in your shopping cart. You can then resume browsing the catalog and add more courses or family members or just check out. After check out and payment by VISA, MasterCard, American Express or Discover, an email confirmation will be sent to the email address given during registration. If the class is full, please add your name to the wait list and you will be contacted if an opening occurs.

### 2. Telephone-Credit Card Only

No computer, no forms, no lines. Call 215-297-0500 weekdays, 9am-5pm. We will take your information, register you and charge the course to your credit card. To avoid wait times or call-backs, register online at any time.

### 3. FAX-Credit Card Only

Complete and FAX the Registration Form at any time to 215-297-0500. Please be sure to provide all of the registration information, including your credit card number, expiration date and security code.

### 4. Mail in-Check Only

Mail the Registration Form with payment by check to:

Community School of New Hope-Solebury (or CSNHS)  
P.O. Box 282  
New Hope, PA 18938

A confirmation email will be sent after receipt. Checks may be made payable to CSNHS.

### 5. Walk in-Credit Card or Check Only

Check online to see if seats are still available or call 215-297-0500. If available, come in person to the New Hope-Solebury High School (182 W. Bridge Street) on any evening prior to 6:45pm when any classes are being held or even on the night of the first class you want to register for.

## INFORMATION & POLICIES

### Course Changes / Cancellations

The Community School of New Hope-Solebury reserves the right to cancel a course entirely or to change its time, location or instructor. In the event a course for which you have registered is cancelled, you will be notified. If you are unable to substitute a suitable replacement for a cancelled course, you will be refunded all tuition and fees you have paid for the course.

### Inclement Weather Closing

Inclement weather may force the cancellation of classes. If the New Hope-Solebury High School is unexpectedly closed for any reason, classes to be held at the high school will not be held. Please check the school district's website, our website-[www.csnhs.org](http://www.csnhs.org)-or call 215-297-0500 to check the status of classes. Alternate arrangements or refunds will be made.

### Senior Citizens Policy

Adults age 65 and over may register for most courses at a \$5 discount per class of \$50 or more. However, full tuition is required for certain classes and all special workshops, trips or events. There is no discount on course materials. Proof of age may be required.

### New Refund Policy

In order to encourage you to register early, even if your future plans are somewhat uncertain, we have adopted a new refund policy. Instead of “no refunds,” we now offer a full refund if cancelled by 6:00 PM on the day before the first class is scheduled to start. Such refunds will be in the form of a CSNHS credit. Refunds requested 5 or more days before the scheduled class start will be in the form of the original payment (credit card or check). If you have the need to cancel or are not completely satisfied with our program, please contact Nancy Lawson at [nancylawson@csnhs.org](mailto:nancylawson@csnhs.org) or 215-297-0500.
