

# CHILDREN'S ENRICHMENT SATURDAYS

## STARTING FEBRUARY 2

at **The South Orange-Maplewood Adult School**

Call (973) 378-7620 or visit [www.somadultschool.org](http://www.somadultschool.org) to register.

### BIFF! BAM! POW!

Learn strategy, probability, math and planning using a nationally-acclaimed superhero tabletop miniatures game. Each child will get a set of figures and maps to play at home and with friends. For students grades 2-4. COURSE: 0028. Fee: \$36. Four Saturdays, Feb. 2-March 2 (skip Feb. 16), 9-10:30am, CHS, Teacher's Cafeteria.

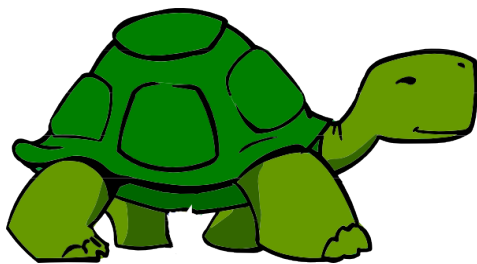

### SCRABBLE SPELLS FUN!

Do you love Scrabble or just want to dazzle your friends and family with your new word skills? This is your chance to learn strategy and increase your word knowledge in a small group setting. For students grades 3-5.

COURSE: 0029. Fee: \$36. Four Saturdays, Feb. 2-March 2 (skip Feb. 16), 9-10:30am, CHS, room D100.

### TURTLE GRAPHICS: COMPUTER PROGRAMMING FOR KIDS

Based on the classic Logo programming language, this course will explore basic principles of geometry and computer programming by instructing a digital turtle to draw increasingly elaborate pictures. For students grades 2-5.

COURSE: 0030. Fee: \$36. Four Saturdays, March 9-April 6 (skip March 30), 9:30-11am, CHS, room B207.

### HOW THINGS WORK: ELECTRONICS FOR KIDS

How do switches turn things on and off? What does it look like inside a flashlight? Can you really power a light bulb using... fruit? This class includes labs for hands-on learning and exploration. For students grades 2-5.

COURSE: 0031. Fee: \$36, plus a \$5 materials fee. Four Saturdays, March 9-April 6 (skip March 30), 9:30-11am, CHS, Teacher's Cafeteria.
