HELPFUL HINTS FOR SUMMER PROGRAM

- South Orange Middle School is the camp site for most children's classes this summer. The school is located at 70 N. Ridgewood Road, South Orange.
- There are two sessions. Decide if you want Session I (June 28-July 9), Session II (July 12-July 23), or both.
- Look for classes that include the grade your child **will enter** in September 2010.
- Decide how many classes you want your child to take. There are five periods between 8:45 a.m. and 2:40 p.m. Your child may attend all five periods, including lunch, or attend for part of the day. Please note that most classes in Session II are a repeat of classes from the first session.
- Use the pull-out Children's Camp Schedule to plan your child's day. Classes on the schedule are also listed alphabetically with descriptions on pages 3-9.
- When you have made your choices, fill in the registration form (opposite page). The top form is for Session I and the bottom form is for Session II. Make copies of the form to enroll additional children.
- Please make two copies of the registration form. Keep one and submit the other. Your child should bring a copy of the schedule to camp every day.
- Relax. Our caring staff and teen counselors, known as "Yellow Shirts," will carefully supervise your children.
- Before and After Care is available. However, there is no Early Morning Drop-Off for campers enrolled in offsite Sports Camps and no After-Care for campers enrolled in afternoon Scienstational Workshops.
- Drop Off & Pick Up: For the safety and proper supervision of our campers, all drop off and pick up must be through the back parking lot door. Timely drop off and prompt pick up (no more than 10 minutes early or late) are imperative. A more detailed memo regarding drop off and pick up procedures will be emailed to you in June before the program begins.
- Parking: Parking is available behind the South Orange Middle School and on the street in front of the building. **For reasons of safety and supervision all children must enter the school from the rear parking lot.**
- Absences: Please call the Summer Program, (973) 378-7620, the day before, or after 8:15 a.m., on any day your child will be absent or late.
- Payment: Visa, MasterCard, or checks payable to Adult School Summer Program. Mail completed registration form(s) with payment to: Adult School Summer Program, 17 Parker Ave., Maplewood, NJ 07040. A returned check results in a \$20 fee.
- Federal Tax ID No. 22-6065346.
- Refunds: There are absolutely no refunds after June 21 for Session I or after July 5 for Session II. After those dates, changes may be made, but you will forfeit the original course fee and will be charged the regular course fee for the new class(es). Cancellations and changes on or before June 21 (Session I) and on or before July 5 (Session II) will be assessed a charge of \$10 per course per session. Uncooperative children will be removed from the program without refund.
- Eligibility: The camp is open to students entering Grades *1-12. (*Children must be 6 years old by Oct. 31, 2010).
- Scholarships: A limited number of need-based scholarships are available through the Don Hamingson Endowment Fund. Call (973) 378-7620 to apply. Applications must be returned by May 24. We are happy to accept donations to this fund.
- Special Needs: If your child has special needs or disabilities please let us know in advance.
- Medical Conditions & Allergies: Please visit the nurse's office on the first day of camp to inform our full-time camp nurse if your child has a food allergy or medical condition.

REGISTRATION INFORMATION

- **Registrations are processed in the order they are received.** Mail registrations to the Adult School, 17 Parker Ave., Maplewood, NJ, 07040. To register in person, our office is open weekdays, 10 a.m.-4 p.m., room A110, Columbia High School. Our office will move to South Orange Middle School when camp is in session.
- Exceptions: No in-person registrations will be taken on June 25 and July 9, and before noon on June 28 and July 12.
- We shall notify you **only** if your child does not get into his/her first choice classes.
- Camp is closed on Monday, July 5th.
- Offsite Sports Camps: Students should be dropped off at their offsite sports camps in the morning. Students who have afternoon classes will be transported by bus to South Orange Middle School. The exception is Fencing, for which we provide no transportation.

SUMMER CAMP CLASSES

Sports Camps are open to children entering grades 1-12.

The South Orange-Maplewood District Athletic Director and the local Recreation Departments assisted in planning these camps. Children will participate in well-organized sports activities in an unpressured, enjoyable atmosphere. Offsite Sports Camp students who have afternoon classes will be bused from their camps to South Orange Middle School (**except Fencing**). Campers with no afternoon classes should be picked up at the camp site. If rain starts during camp hours, counselors will accompany campers to a rain site. Call the Summer Program if in doubt about where to drop off or pick up your child on a rainy day.

SCIENSATIONAL WORKSHOPS

These workshops are taught by experienced staff under the direction of NEIL SCHULMAN, SCIENSATIONAL WORKSHOPS creator.

A: CHEMICAL MAGIC/MAGICAL MICROSCOPES/ROCKS AND MINERALS

\$160 Teachers Cafeteria. 9:00-11:55 A.M. Grades 1-6. June 28-July 2 only. Be the scientist as you learn how to make batteries from fruits or potatoes and how to make a fantastic crystal tree. You'll be a chemical detective and use paper chromatography to separate colors. If you want to make glob from glue or make dirty pennies clean, and clean pennies green, then this is the place for you. You'll learn about many kinds of rocks and minerals, and microscopes will be on hand to view our fascinating prepared slides.

B: EGYPTIAN DIG

\$160 Teachers Cafeteria. 9:00-11:55 A.M. Grades 1-6. July 6-July 9 only. Discover archaeology as you uncover ancient artifacts and learn about Egyptian life. You will use an archaeologist's tools to excavate artifacts (that are yours to keep), including a scarab, a hieroglyphic fable, an ankh symbol, and a jackal. You'll even learn how to use wet sand to make an amazing sand sculpture. This hands-on dig will make the past come alive.

C: ADVANCED ROBOTICS

\$160 Teachers Cafeteria. 12:35-3:30 P.M. Grades 2-6. June 28-July 2 only. Build and take home an advanced level Jungle Robot. You'll be guided through a detailed assembly process and will learn how different types of gears mesh and are driven by a motor. Connect the motor, battery, and microphone to a circuit board, and your sound activated robot will be ready to go. You'll also work in small groups to build robotic creatures and vehicles using your skill and imagination. These

robots will not be taken home but will be tested in sumo battles, fugs of war, and vehicle distance timings.

D: LASERS, GALAXIES, AND THEN SOME

\$160 Teachers Cafeteria. 12:35-3:30 P.M. Grades 2-6. July 6-July 9 only. Explore the world of lasers as you conduct experiments, discover the amazing, and test your ideas. Dancing, swirling, pulsating laser light will be part of our Laser Light Show. Use our laser pointer plus lenses and mirrors to learn and have fun. Make and take home a powerful magnifying plastic mini microscope, a kaleidoscope, a periscope, and a constellation watcher. Learn about the planets as we take a 3-D adventure into outer space. The experience will be deLIGHTful!

E: MAGLEV CARS: LEVITATION FOR FUTURE TRANSPORTATION

\$160 Teachers Cafeteria. 12:35-3:30 P.M. Grades 2-6. July 12-July 16 only. Build your own "futuristic Maglev" car to race and take home. Learn about the relationship between magnetism and electricity — the two forces behind levitation in your Maglev car. You will also build a Maglev track as well as a cool electromagnet. Learn how motors and generators work.

F: PROSPECTORS MYSTERY ROCK

\$160 Teachers Cafeteria. 12:35-3:30 P.M. Grades 1-6. July 19-July 23 only. Be a prospector as you search for gold, valuable gems, fascinating rocks, and some ancient fossils. You will be equipped with excavation tools, a specimen brush, a log book, and sorting labels. You can keep the hidden wonders that you find, but first you'll have to get them out of their hard clay casing without breaking or scratching them. Next you'll identify your specimen, observing its color, texture, and ability to float. Rock? Gem? Fossil? You tell us.
