

WEEKEND ROAD TEST

Please note that date is tentative until approved by the RMV.

Take your official RMV road test at Whitman Hanson High School! An official RMV examiner comes to WH to administer the test. The test takes place in the Junior Parking lot. The test will take about 10 min. Road Tests start time will be determined by the RMV. Typical test starting time is between 6am-2pm.

New Safety Guidelines are listed in this email. To participate under 18 years old, you need to have parental permission, your permit for 6 months and have a completed driver education certificate. If 18 or older you must have a valid MA learner's permit. Due to state wide high demand, there is no guarantee on test date. Date subject to changed based on Examiner availability. Our school might be pushed to a different day to meet an examiner's schedule. Please indicate in your response if your family is willing to attend the test on a different date.

At least 20 people must confirm they want to take the test at the High school for the road test to take place. Please reply to Clifford.zdenek@whrsd.org that you want to take the test by 2pm Friday two weeks before test date to reserve your spot (earlier the better). The maximum is 30 students.

I will email everyone who confirmed if we have enough students to offer the test.

The RMV only allows you to **have one Road Test appointment booked at a time**. If you already have an appointment booked with the RMV, you need to cancel it before registration. If 2 tests are scheduled the RMV will bump you from our weekend road test roster.

Once we receive a confirmation of a date and time, from the RMV (usually the **Tuesday** before the road test) **I will email to set up a 30 min practice time and road test arrival time.**

Payment of school and RMV fees will be due **after** we receive confirmation from the RMV.
